

Registering with AJ Bell Investcentre user guide

Registration

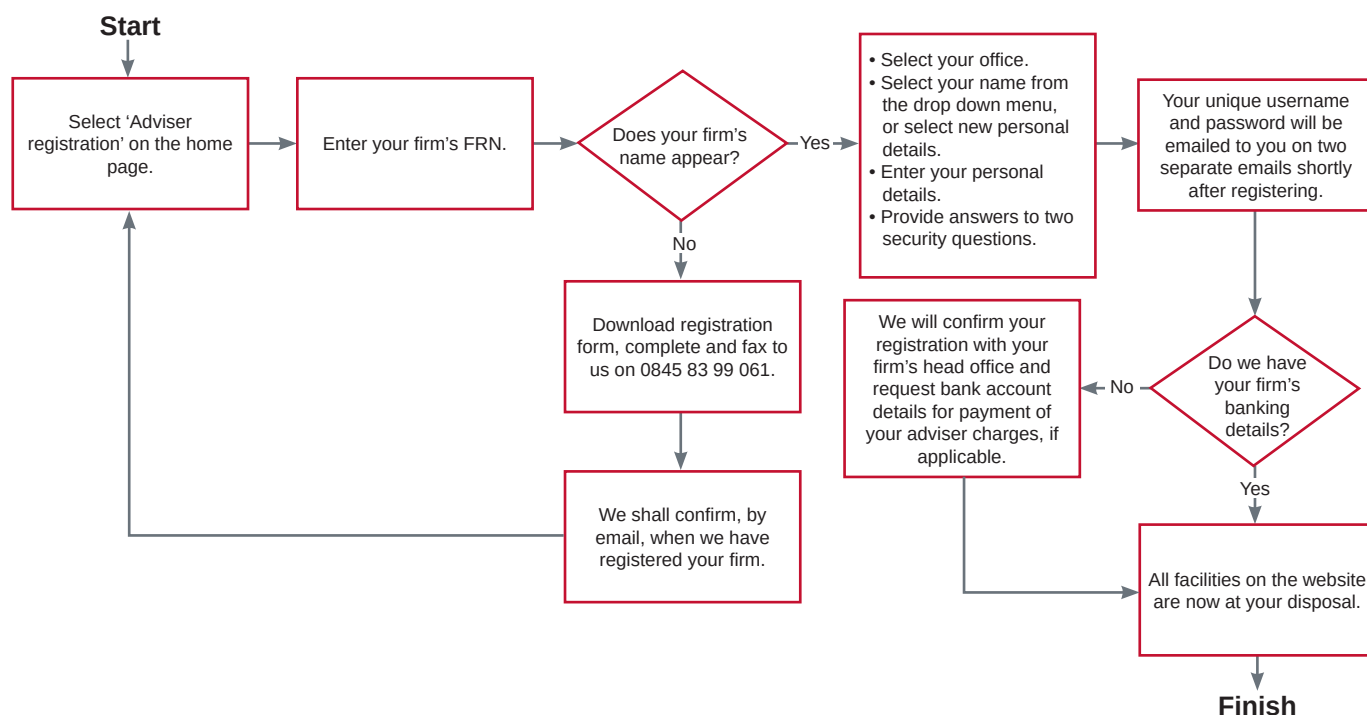

Available exclusively through financial advisers, AJ Bell Investcentre brings together the expertise of the UK's leading investment institutions with the flexibility of one of the most cost-effective platforms in the market. Before you can benefit from our many online facilities, you must first register with us.

Once registered you have the opportunity, at no cost, to co-brand our website, literature and illustrations with your firm's logo. This helps reinforce your central role in the process. All you need to do is email your firm's logo to us and we will do the rest.

How do I register?

Registration is quick, easy and gives you immediate access to our:

- comprehensive suite of illustration tools
- co-branding facilities
- online application process
- literature and user guides

What should I do next?

Once you have registered and set up your first clients on AJ Bell Investcentre, please read our 'Amending user access guide' and 'Nominated individual's guide to amending permissions'.

Contact details

Adviser helpline: 0845 83 99 060

Email: enquiry@investcentre.co.uk

Our telephone support is only available to advisers, and is open Monday to Friday, 9am to 5pm, excluding bank holidays.
